

Instructions for Online Interactive Catalogs

Versions of Catalogs

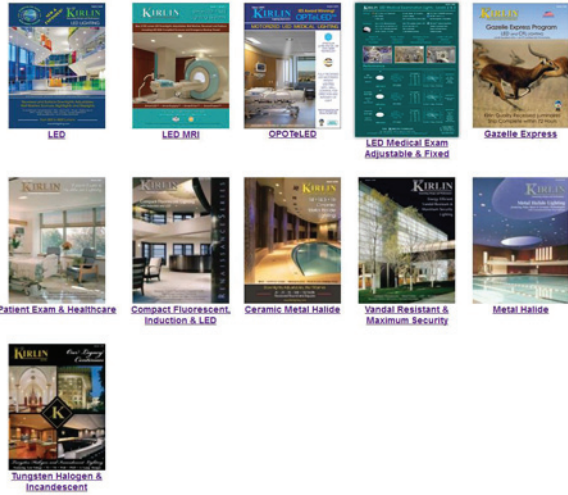

There are two versions of each catalog that may be accessed via the “View Catalogs” page. The first version, which is accessible BEFORE you login to your “myKirlin” portal, simply displays our printed catalogs. The second version, which is accessible AFTER you login to your “myKirlin” portal, displays our printed catalogs AND includes links to download submittal sheets, revit files and photometry.

Viewing a Catalog

Click on a catalog to open it in a new tab or window of your browser.

Search for a Product or View Online Interactive Catalogs (opens in new window)

To order any of these catalogs, [click here!](#)

Navigating The Catalog

There are three methods available to navigate within the catalog.

1) The Navigation Toolbar at the top of the window.

Download Links and Action Buttons

Download links and action buttons are placed throughout the catalog. To see where the links and buttons are located, move your cursor over the catalog page. Download links will appear as blue boxes. To download the associated file, click anywhere in the blue box. Beneath each blue box there are two action buttons (Make Comment, Send Link). Click the appropriate button to make a comment or send a link.
