# INFRALED® PRO

Labor & Delivery

Neonatal ICU

ICU & Patient Room

Cardiac Cath Lab

Hybrid OR

Emergency

## Clinical Benefits

**45°**  
illumination

45° angle of illumination for added flexibility

Unobtrusive recessed fixtures  
eliminate clutter

**95+**  
CRI (extended)

In healthcare environments, accurate color rendering is crucial. INFRALED® PRO's LED light engine boosts reds and blues with a Cyanosis Observation Index of 2.7.

IP66 protection for ultimate  
infection control

## Operational Benefits

Cool operating  
temperatures

50,000 hour  
system life

60-80%  
energy savings  
(over non-LED sources)

## Instant Aiming with “One Touch” Controls

An easy-to-use remote control and wall panel enable the clinician to change the intensity and independently vary the direction of up to 4 INFRALED® PRO exam lights with one touch, illuminating the patient effectively in any location.
